To: Bishop Indian Head Start  
ATTN: Susie Cisneros  
Subject: Pest Control letter to Parents

To whom it may concern:

Owens Valley Pest will be conducting routine pest control service for Bishop Indian Head Start. Material will be placed on school grounds as a preventative as needed to treat designed areas based on integrated pest management policies. Any person who has questions about the application procedure can contact Susie Cisneros for details.

*All material applications will be performed on weekends and after hours. Once inspection and applications are performed a posting of used materials for record. Should anyone wish to obtain information in this record they may contact the School for details.*

California Structural Pest Control Operators are licensed by the Structural Pest Control Board for the application of pesticides that are registered and approved by the California Department of Food and Agriculture, and the United States Environmental Protection Agency (EPA). Registration of Pesticides is granted when the State finds based on the existing scientific evidence there are no appreciable risk if proper use conditions are followed. Or that the risk outweighs the benefits. The degree of risk depends on the degree of exposure, so exposure should be minimized. (Your Service Technician has been trained to apply these materials in a manner that will minimize accidental toxicity. State law requires that you be made aware that: **PESTICIDES ARE TOXIC CHEMICALS: \*\*\*\*\*CAUTION\*\*\*\*\*** If within 24 hours following a application should you experience similar to common seasonal illness compared to the Flu, contact your physician or Poison Control (213)664-2121 or (415) 666-2845 and your Pest Control Operator immediately.
